

12V 40A Inverter

Overview

What is the Iconica 1000W 12V hybrid inverter?

The Iconica 1000W 12V hybrid inverter intelligently combines the functions of a 1000W pure sine wave inverter, 40A MPPT solar charge controller and a 20A smart battery charger in one single portable unit. This model can accept input from solar panels, mains power/ generator and a battery - either from a single or combination of input sources.

What is a 12V 240V inverter?

A 12v to 240v inverter is a great way to save energy. These devices convert DC power to AC power, which enables the user to use less energy when powering electronic devices. 2. Remote Control Some inverters come with remote control, which makes it easy to turn the device on and off. 3. USB Port.

What is a 12V pure sine wave inverter?

Key functions: 1. 1000W 12V Pure sine wave inverter: Converts DC current into 230V AC mains electricity, to run various household appliances such as a TV, laptop, lighting, fans etc. Able to generate 1000VA of continuous power with a strong peak power handling capability of up to 2000VA (to start appliances with electric motors).
