

# 12v emergency inverter

## Overview

---

Can you use an inverter for emergency back-up power?

Yes, you can use an inverter for emergency home backup power. One way is to have two 12-volt batteries hooked in parallel and one inverter, which will provide enough power to run a refrigerator off and on for a few days depending on the size of the batteries.

How do emergency lighting inverters work?

Emergency Lighting Inverters ensure uninterrupted power to devices in times of power outages for a lighting systems. They do this using a battery system that converts DC to AC voltage via electronic circuitry. The UL924 standard requires a minimum of 90 minutes of emergency back up power.

Which inverter is best for a power outage?

The most common inverter sold for emergency home backup power during a power outage is a 1750 watt. This inverter is perfect for most vehicles and will run most appliances. Ok, now that we got that out of the way we can start sizing an inverter that is going to work well during a power outage.

How to use a battery inverter?

Connect the inverter to 500 AH or above 12V batteries group to power up big load to make sure it can work longer. Equipped with Remote&LCD display. The remote control is more convenient to control the inverter ON/Off and view battery level.

Are emergency lighting inverters a good choice?

Emergency Inverters are suitable for almost any setting, including hospitals, commercial, retails, hotels, schools and healthcare practices. Emergency lighting inverters are an excellent choice for use with multiple fixtures and in cases where emergency LED drivers cannot be used, such as with integral-base lamps.

Why should you buy giandel power inverter?

GIANDEL,a leading Power Inverter brand in USA,AUSTRALIA,EUROPE, GIANDEL has been devoted to solve your outdoor actions, emergency, power problems for over 20 years. It's ideal for Truck, RV on road trips or where is power outage, power your devices in home or outdoors for Emergency, Hurricane, Storm, Outage. Which Should You Buy?
