

70kW outdoor power supply

50KW modular power converter

Flexible Configuration

- Modular Design, Expanding as Required
- Small&Light, Wall Mounted
- Installed in Parallel for Expansion

Powerful Function

- Support PV+ESS
- Grid Support, Equipped with SVG Technology
- On-Grid and Off-Grid Operation

Reliable Protection

- Outdoor IP65 Design
- Sufficient Protection Functions Equipped

Overview

What is a 70kW battery?

Unlike traditional energy storage solutions, the 70kw battery stands out for its high voltage power supply and its ability to store and deliver substantial amounts of energy. This makes it an ideal choice for industrial solar power, commercial backup power, off-grid solar systems, and other high-demand energy storage needs.

What is a 70kWh high voltage energy storage system?

The 70kWh High-Voltage Energy Storage System featuring robust 256V 280Ah LiFePO4 batteries is the ultimate power player in domestic solar energy storage. This powerhouse solution offers exceptional capacity, empowering you to achieve an unparalleled level of self-sufficiency and control over your home's energy consumption.

Can a 70kW battery be used as a solar energy storage system?

The 70kw battery holds immense potential for residential applications, particularly in homes equipped with solar energy systems. By integrating the 70kw battery into domestic solar energy storage setups, homeowners can maximize their energy independence and reduce their reliance on the conventional power grid.
