

750v lithium battery pack

Overview

What is a Smart-UPS with lithium-ion batteries?

Smart-UPS with lithium-ion batteries saves up to 49% in Total Cost of Ownership (TCO) over the lifetime of the UPS. Battery life is increased 2X. Reduced maintenance cost and improved battery performance in temperatures up to 104°F.

Are lithium batteries safe?

Yes, lithium-ion batteries are very safe when properly designed, manufactured, and when used as intended. Are there any special requirements or certifications needed to handle lithium batteries?

Yes, lithium batteries should ship in accordance with UN38.3 and hazmat guidelines. How do I return a battery?

.

How long does a lithium battery last?

Our batteries were designed to last more than 2,000 charge cycles depending on the model, and may last as long as the system. The average cycle life of a lithium battery is 3-5x more than a lead acid battery. What does SoC mean?
