Overview

Who makes portable power units?

General Transformer Corporation designs and manufactures custom portable power units to meet remote power requirements. Our engineering team works with you to create step-up or step-down voltage power transformers.

How to choose a power supply for outdoor enthusiasts?

Lighting: A flashlight is also a must for outdoor enthusiasts. Install a lighting function in the power supply, this power supply integration function is more powerful. At present, there are two types of power supply: a round lamp, an energy-saving lamp. It is a great choice for outdoor lovers.

Why do people buy outdoor power supply?

Most customers buy outdoor power supply is due to the capacity of charge pal is usually small, which cannot meet the demand of many charging electronic devices. Therefore, consider an outdoor power supply that can solve more than 80% of the charging of electronic devices. The diversity of all charging ports is also considered by the public.

Why is outdoor power supply a must-have for travelers?

“The world is so big, I want to see” aroused the resonance of so many people. Then the corresponding outdoor equipment has become a must-have for travelers, especially outdoor power supply.

How much power to store in outdoor power supply?

1. Battery capacity: Solve the problem of how much power to store. Battery capacity should be the first consideration. At present, the battery capacity of outdoor power supply in the domestic market varies from 100Wh to 2400Wh. $1000\text{ Wh} = 1\text{ Kwh}$. The maximum capacity we've seen is 2400Wh, which means it has 2.4 -kilowatt storage.

What is a portable power unit?

Our portable power units offer long lifespans, compact and lightweight constructions, a fully sealed enclosure, and many other features. Typically, we use single-phase power transformers within mobile power systems. If you require a different design method, our team is prepared to work with you to meet your specifications.
