

Are there many new energy photovoltaic sites in Jamaica

Overview

What is the largest solar project in Jamaica?

Paradise Park is the largest solar project in Jamaica. With a US\$65-million investment, it is designed to supply 37 megawatts of power and significantly decrease the country's dependence on fossil fuels.

Will JPS build a solar power plant in Jamaica?

Power utility Jamaica Public Service Company, JPS, is investing US\$300 million to construct Jamaica's largest solar power plant and a battery storage facility, starting this month. The renewable energy facility will replace JPS's aged Hunts Bay.

How can I buy solar energy equipment in Jamaica?

The Development Bank of Jamaica (DBJ) offers loans to assist in buying solar energy equipment. The loans can be obtained at an interest rate of 3 per cent over a maximum period of 5 years with a 5 per cent service charge. The funds for these loans are provided by the World Bank.

Who owns Jamaica's energy grid?

Jamaica's energy grid comprises 789MW of capacity, 80 per cent of which is owned by the JPS. The utility purchases 168MW from independent power producers that are contracted to supply electricity to the national grid, JPS said last month in tender documents to suppliers.
