

Australia s outdoor wind power base station environmentally friendly electricity

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5

Australia s outdoor wind power base station environmentally friend

All about wind farms in Australia

Learn everything you need to know about Australia's wind farms, from where they're located to how they work
