

Australia-specific lithium battery pack

Overview

Where can I buy a lithium battery pack in Australia?

Home of 12 Volt Online offers the largest range of Thumper Lithium Battery Packs on the Australian market. Hand-made to perfection in Australia, these portable battery packs are designed for dual lithium battery systems, caravans, camper trailers and more! Give the generator the boot with the option of a Lithium Battery Pack to take its place!.

What is a portable lithium battery pack?

These portable lithium battery packs are backed by modern technology that addresses most battery issues. Number one is weight. Lithium battery boxes are significantly lighter than conventional batteries, and even have slimline battery versions to allow for more space on your campsite.

Why should you use itechworld lithium batteries in Australia?

Whether it's red dust, salt air or long-haul 4WD travel, our gear holds up. That's why thousands of off-grid travellers, tradies and van lifers choose iTechworld lithium batteries in Australia every year. Running a 12 volt lithium deep cycle battery (or a bank of multiple batteries) will provide all your power requirements.

What are the different types of battery packs?

Let's focus on battery packs used for outdoor activities such as camping battery packs, caravan batteries, and even boat batteries. These look like battery boxes and have various types as well, with the most popular ones being AGM batteries, wet lead-acid batteries, sealed lead-acid batteries, gel batteries, and lithium batteries.

What is a Lithium Power Pack?

Whether you're exploring off the beaten track or just want reliable power on the go, our lithium power packs provide an efficient, portable energy solution.

From powering your caravan appliances to keeping your devices charged, these products deliver the clean, reliable power you need to enhance your adventure.

What is a lithium battery box bundle?

KickAss Lithium Battery Box Bundles deliver powerful, portable energy for serious off-grid setups. These bundles combine our high-performance lithium (LiFePO₄) batteries with heavy-duty battery boxes and matched 12V accessories—giving you a plug-and-play solution that's built for flexibility, speed, and performance.
