

Australian industrial energy storage cabinet customization

Overview

What is a custom built Battery Cabinet?

AUS-POWER Batteries custom built battery cabinets are the ideal solution for those larger installations or anyone requiring a secure, professional and practical installation. The cabinets contain two lockable doors (front and back) and removable side panels for easy access.

Why should you choose eabel electrical cabinets in Australia?

Eabel's electrical cabinets in Australia symbolize a blend of innovation, reliability, and customization. With its advanced technological solutions and commitment to meeting local standards, Eabel is poised to become a key player in supporting Australia's industrial growth and infrastructure development.

Why should you choose Powerplus cabinets?

There are enclosures to suit outdoor or indoor installations. Strong steel cabinets with a high quality powder coating finish promote durability and security whilst being well-suited to protected environments like garages, sheds and other enclosed spaces. Like to choose Australian made?

Rely on PowerPlus cabinets to protect your next system.

Why should I choose a pre-wired cabinet?

Make your installation simpler when you compliment your batteries with a pre-wired cabinet built with high quality Australian components. Our pre-wired cabinets can be infinitely scaled by paralleling them, giving you the ability to have small and large systems to suit different needs. There are enclosures to suit outdoor or indoor installations.

Are eabel electrical cabinets safe?

Eabel's electrical cabinets are synonymous with safety and quality, adhering

to stringent Australian standards. This commitment is integral in ensuring that these cabinets meet the country's robust safety and operational benchmarks, making them a reliable choice for businesses.
