

Battery cabinet equipped with cooling system

Overview

An air-cooled C&I (Commercial and Industrial) Battery Energy Storage System (BESS) cabinet is a type of energy storage solution designed for commercial and industrial applications. It uses air cooling to manage the temperature of the battery cells, ensuring optimal performance, safety, and longevity.

Battery cabinet equipped with cooling system

AlphaESS STORION-LC-372 Energy Storage Cabinet, Large ...

This outdoor battery cabinet incorporates advanced liquid cooling technology. With its high level of system integration, it offers easy installation and enhanced efficiency.
