

Battery cabinet vertical plate

Overview

What is a battery rack made of?

Made with welded heavy-gauge steel construction, our battery backup cabinets and battery racks are made to last and designed with options to give your facility a unified look. We offer multiple battery racks with different configurations, including both rack mount and cube layout units. Either option can be custom configured.

What is a standard battery rack system?

Standard Battery Racking System Exponential Power modular rack system can be specified to accommodate any battery cell or jar. From flooded to sealed, from lead-acid to nickel-cadmium, from vertical to horizontal mounting, a high density, space-saving rack can be provisioned. Standard Racks for Any Stationary Batteries.

Does unified power offer battery cabinets?

Unified Power offers a complete line of battery cabinets for both UPS and Telecom Applications. These cabinets can be configured to match OEM cabinets and offer a competitive option for system upgrades or new projects. Features Space saving foot print is the industry's most compact design.
