

Brunei outdoor wind power base station manufacturer

Overview

Can Brunei harness the power of wind energy?

Brunei can harness the power of wind energy to meet its future demands of a reliable energy source that is both renewable and non-polluting, said a senior lecturer from University Brunei Darussalam (UBD).

How much wind energy does Brunei need?

Delivering his tutorial on “Frontiers in Wind Energy Research and Development”, he said that Brunei receives an annual average of five metres per second, which is believed to be sufficient to produce the amount of energy the population needs.

Will Brunei get its first wind turbine?

Dr Sathyajith said that the public will be able to gain a glimpse of Brunei’s first wind turbine at the Ministry of Development, which he hoped would give them a general idea of how it looks and functions as a probable future energy supply.
