Home Energy Storage (Stackble system)

Product Introduction	
Scalable from 10kWh to 50kWh	LiP battery, safest and long cycle life
Self Consumption Optimization	Stackable design, effortless installation
Integrated with inverter to avoid the compatibility problem	Capacity of High Power and Emergency Backup and Off-Grid Function

Burkina Faso

The aim is to increase access to clean energy by improving the financial viability of, and promoting large-scale commercial investment in, solar photovoltaic minigrids in Burkina Faso.
