

Burundi energy storage power supply sales price

Overview

How does Burundi benefit from electricity imports?

Burundi also benefits from imports from the regional hydro plants of Rusizi I and II, which are operated by Société Nationale d'Electricité (SNEL), and SINEAC, respectively. Currently, these imports account for 40% of the electricity consumption.

What is the power sector like in Burundi?

A key feature of the power sector in Burundi is the very low level of electrification. Less than 5% of the population have access to the national grid (average in Sub-Saharan Africa 26%), and even they are facing power cuts on a daily basis during dry season.

Does Burundi have a power supply deficit?

Burundi faces severe constraints in electricity supply. The supply deficit currently varies between 12.9 MW during the wet season and 23.5 MW during the dry season when the country's main hydropower plants are running at reduced capacity. The deficit in the power supply leads to frequent outages.

How is energy transported in Burundi?

This energy is transported through elevated lines of average voltage and distributed to the customers by lines of low voltage. The levels of transport voltage in Burundi are 110 kV, 30 kV and 10 kV. Electrical energy production was 133 GWh in 1992 and 150 GWh in 1993.

Which technology is most important for power generation in Burundi?

Hydropower is the most important technology for power generation in Burundi, representing 95% of the total national generation capacity. This energy is transported through elevated lines of average voltage and distributed to the customers by lines of low voltage. The levels of transport voltage in Burundi are 110 kV, 30 kV and 10 kV.

What is the transport voltage in Burundi?

The levels of transport voltage in Burundi are 110 kV, 30 kV and 10 kV. Electrical energy production was 133 GWh in 1992 and 150 GWh in 1993. The annual growth of consumption was estimated at 8% before the war, and the number of customers has increased by 12.6% on average by year from 1987 to 1993.
