

# **Cadmium Telluride Photovoltaic Panel Manufacturer**

## Overview

---

Leading a \$30 million initiative, The Atlas Venture Group has formed a new company that manufactures cadmium telluride photovoltaic (CdTePV) solar panels in Toledo, Ohio.

The Atlas Venture Group acquired the assets of Willard & Kelsey Solar Group in 2019, after working with the Ohio Federal Research Network.

“The timing is right to launch this solar venture. From 2008-2013 most U.S. solar companies failed, but the issue was not the viability of ‘Cad.

Proponents of CdTe thin film panels point to lower degradation and a faster payback period than silicon. This is why Toledo Solar offers an industry leading warranty and faster payback period for end customers. Modern Si solar panels have soldered cells and a.

First Solar, Inc. is a American manufacturer of , and provider of utility-scale , supporting services that include finance, construction, maintenance and panel recycling. First Solar uses rigid for its solar panels, and produces using (CdTe) as a semiconductor. The company was founded in 1.

Companies involved in CdTe solar panel production, a key thin-film panel technology. 18 CdTe panel manufacturers are listed below. List of CdTe solar panel manufacturers. Directory of companies that make CdTe solar panels, including factory production and power ranges produced.

## Cadmium Telluride Photovoltaic Panel Manufacturer
