

Colombia s energy storage batteries to be built

Overview

The ministry's Energy Mining Planning Unit (UPME) launched the tender earlier this year, calling for proposals for deploying grid-scale battery energy storage system (BESS) technology to help alleviate system constraints and boost reliability of the grid in Barranquilla, in the Department of Atlantico area of northern Colombia.

Colombia s energy storage batteries to be built

First battery energy storage system inaugurated on Colombia's grid

Enel has unveiled the first battery energy storage in Colombia at the Termozipa thermal power plant about 40km north of Bogotá.
