

Companies installing photovoltaic solar panels in the Maldives

12V 10AH

Overview

What is the Maldives solar project?

The Maldives solar project is a 36 MW solar power project and 50 MWh of battery energy storage solutions development across various islands in the Maldives. It also includes grid modernization for the integration of variable renewable energy with the grid, which will be financed under the proposed AIIB loan.

Why solar PV with storage in Maldives?

Solar PV with storage has proven suitable and competitive for Maldives' high penetration of renewable energy (POISED type B projects), with an average fuel savings of 25%. The concept design of hybrid systems (efficient diesel generators + solar PV plants + energy storage) has resulted in success for Maldives.

What is solar PV on a resort island?

Solar PV on a resort island a clear sustainability message to your clients and partners Swimsol provides a unique solution to achieve desired solar production capacity – floating solar powerplant at sea (offshore solar). SolarSea produces 5-10% more energy due to natural cooling at sea.

Does swimsol offer a solar PV system?

Swimsol offers an option, where we finance, install, operate PV on customers premises and sell solar energy to the client. This results in cost savings compared to diesel power. Swimsol designs and dimension solar PV systems individually.

What is swimsol solar powerplant at sea?

Swimsol provides a unique solution to achieve desired solar production capacity – floating solar powerplant at sea (offshore solar). SolarSea produces 5-10% more energy due to natural cooling at sea. Swimsol technology is

already competitive in islands and tropical regions using diesel for power.

Where are solar-diesel hybrid systems made?

System components are pre-assembled by Swimsol in Austria. To ensure system quality and a hassle-free client experience – our team delivers & installs the systems on-site. Our solar-diesel hybrid integrates seamlessly into island grids.

Companies installing photovoltaic solar panels in the Maldives
