

Cote d Ivoire communication base station EMS equipment processing

Overview

The Ivoirian telecommunications market is growing and will need suppliers for the full range of telecommunications services and equipment, to include.

The best prospects for potential sales include: 1. Wireless network equipment and related services 2. GSM solutions and applications 3. Digital payment.

What equipment does Ivoirian telecommunications need?

The Ivoirian telecommunications market will need suppliers for the full range of telecommunications equipment, to include copper and fiber optic cables, central office switches, cellular stations, data communications satellites, microwave communication equipment, and data management solutions.

Is Côte d'Ivoire a telecommunication sector?

Côte d'Ivoire is a major player in the telecommunications sector, with the sector constituting approximately 11 percent of GDP and annually contributing tax revenue of approximately \$900 million.

What is the cellular penetration rate in Côte d'Ivoire?

According to the Telecommunication Regulatory Authority of Côte d'Ivoire (ARTCI)'s 2022 annual report, the cellular penetration rate in Côte d'Ivoire was 164.5 percent. This indicates that many of Côte d'Ivoire's 29 million people have more than one cellular phone account. The number of subscribers increased by 5.9 percent between 2021 and 2022.
