

# **Cyprus Electric Mobile 5G base station**

## Overview

---

Does Cyprus have a 5G network?

02 MAY 2022 - 18:50 Source: Announcements Cyta has announced the completion of the pan-Cypriot 5G mobile network that offers state-of-the-art telecommunications services throughout the country, even in its most remote areas. This makes Cyprus the 1st country in the EU with 100% population coverage.

Can I use 5G outside of Cyprus?

Yes, you can use 5G outside of Cyprus, but this depends on the availability of 5G in the countries you visit and the roaming agreements that Cyta has with local providers.

Which country has 100% 5G coverage?

Cyprus is the 1st country in the EU with 100% 5G coverage The village of Sykopetra was the last village to be connected by Cyta to the 5G network 02 MAY 2022 - 18:50 Source: Announcements.

Does Cyta have the fastest 5G network in Europe?

The president of Cyta Mr. Michalis Ioannidis, referring to the completion of the fastest 5G network in Europe, with 100% population coverage throughout the island, said that "this is an achievement that no other country has accomplished so far. For us at Cyta, it is important that all Cypriots avail of the digital transition".

Where can I buy a mobile phone in Cypriot?

You can buy one at any airport, kiosk (periptero), or provider store with just your passport. This gets you connected immediately while you decide on a longer-term plan. The Cypriot mobile market is dominated by four main network operators, all of which offer extensive 4G and rapidly expanding 5G coverage across the island.

Does Cyta charge for 5G network access?

There is no additional charge for Cyta's 5G network. What is required is a 5G certified device and an area with 5G network coverage. What do you need to do for Cyta 5G network access?
