

Cyprus solar panel photovoltaic module manufacturer

Overview

What is a commercial photovoltaic system in Cyprus?

Commercial photovoltaic systems in Cyprus are usually used by businesses for self-consumption. That is, the energy generated by the solar panels is solely used for the building where the panels are installed.

What are solar panels used for in Cyprus?

Solar panels in Cyprus are used for residential, industrial and commercial properties. Other than home use, many businesses install photovoltaic panels in Cyprus for self-consumption. That is, they use the energy the photovoltaic system generates directly, but cannot store any excess energy for following months.

Where can I get solar panels in Cyprus?

Flux Energy, based in Limassol, is your go-to for energy solutions in Cyprus. Solar panels lists local companies specializing in solar panel, solar systems installation and Photovoltaic Solar Panels in Cyprus. Solar panels are used in Cyprus more than in any other country in Europe due to the year-round sunshine the island has.

Does Cyprus support photovoltaic systems?

The government of Cyprus, along with the RES and Energy Conservation Fund, offers support schemes for the installation of photovoltaic systems. This is because solar power is considered to be the future of energy and promoting the use of renewable energy sources is a priority.

Where can photovoltaic panels be installed in Cyprus?

Photovoltaic systems can be installed on flat and inclined roofs and on the ground. Our team can visit the place where you want the solar panels to be installed, evaluate the amount of space, sun exposure and possible shading and suggest the best place so that you make the most out of your

photovoltaic panels in Cyprus.

Who is thylen solar systems Cyprus?

Thylen Solar Systems Cyprus (brand name "ΘΗΛΕΝ"), which boasts the world's largest per-capital solar energy per sqm coverage. Our geographical positioning makes us an attractive partner in the field of Solar Thermal Systems with links to South Eastern, Middle East, Africa and Asia. With high quality materials and modern assembly techniques.
