

Czech smart inverter manufacturer

Overview

What is a solar inverter?

The solar inverter or inverter converts direct current into alternating current, thanks to which the energy from the photovoltaic system can only be used. We offer classic or hybrid (mains and battery) inverters with different performance and characteristics.

What is solinteg asymmetric hybrid inverter?

Solinteg has deployed global sales channels and customer service centers, committing to delivering smart, safe, and cost-effective clean energy to residential, commercial and industrial users. It will be the first on the Czech market to offer an asymmetric hybrid inverter with a power of up to 50 kW.

What is the asymmetric hybrid inverter?

It will be the first on the Czech market to offer an asymmetric hybrid inverter with a power of up to 50 kW. Its unique feature is an input current of up to 15A on the PV input side and a wide range of input voltage on the battery side.

Who are Sungrow solar inverters?

Founded in 1997 by University Professor Cao Renxian and with over 224 GW installed worldwide as of 2021, Sungrow is a leader in the research and development of solar inverters. With a strong 25-year track record in the PV space, the company has 7000 employees and Sungrow's products today power installations in over 150 countries.

Is Sungrow the world's most bankable inverter brand?

SUNGROW has been ranked as the 'world's most bankable inverter brand' for three consecutive years by BloombergNEF, 2021. Founded in 1997 by University Professor Cao Renxian and with over 224 GW installed worldwide as of 2021, Sungrow is a leader in the research and development of solar inverters.

Who is sermatec energy technology?

Sermatec Energy Technology Co. Ltd. is a Shanghai-based company which was founded in 2017. It is a leading manufacturer of energy storage products and a data service provider for energy storage systems.
