

Danish Outdoor Power Supply

Overview

Do I need a travel adapter for a Denmark Charger?

However, it is possible you'll need an adapter to plug the charger into a Denmark outlet. Denmark uses electrical outlets and power plugs of types C, F, E & K (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. Are the electrical outlets and power plugs in your country different?

.

Can I use a charger in Denmark?

Chargers for iPhones, Android phones and other smartphones or cell phones are usually dual voltage, so you can use them all over the world. However, it is possible you'll need an adapter to plug the charger into a Denmark outlet. Denmark uses electrical outlets and power plugs of types C, F, E & K (see images).

Do I need a voltage converter in Denmark?

This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia. If the standard voltage in your country is in the range of 100V-127V (which is most common in the US, Canada and countries in South America) you might need a voltage converter in Denmark. The standard frequency in Denmark is 50Hz.

Why should you choose Nordhavn power solutions?

Whether it involves large, complex total solutions or quick repairs of marine generator sets or emergency generators, we always deliver the best. This is why Nordhavn Power Solutions is a strong and reliable partner. Products based on well-known brands (Scania, AGCO Power, Baudouin, FOGO, and Twin Disc) characterized by consistently high quality.
