What are Ultralife rechargeable lithium ion hard packs?

Housed in a tough plastic case, ULTRALIFE's rechargeable Lithium-ion (Li-ion) Hard Packs are ideal for devices that require a hard-wearing power solution. Cases can be custom branded (volume dependent) for resellers or to match the device design. Battery voltages range from 3.7 to 28.8V, with energy ratings from 4.2 to 92.2Wh.

Are Ultralife batteries suitable for underwater applications?

For underwater applications (like AUVs, ROVs or oil and gas), ULTRALIFE offer smart subsea Lithium-ion Polymer battery modules (24V, 30V and 37V versions). Available as direct-in-water or pressure balanced oil-filled versions, they offer 4X longer run-time endurance compared to Sealed Lead Acid. Pressure tolerant tested to 6,000m ocean depth.
