

Djibouti Solar Power Station System

Overview

Not to be confused with Engie Grand Bara Solar Power Station The Anea Grand Bara Solar Power Station is a planned 25 MW (34,000 hp) in . When commercially commissioned, it will be the country's first and largest grid-connected solar farm.

The Anea Grand Bara Solar Power Station is a planned 25 MW (34,000 hp) solar power plant in Djibouti. When commercially commissioned, it will be the country's first and largest grid-connected solar farm. [1]
