Your location cannot be detected. Please enter your zipcode for nearby shops. The average cost for a Battery Replacement is between \$378 and \$388 but can vary from car to car. Battery Replacement costs between \$378 and \$388 on average. Get a free detailed estimate for a repair in your area.

How much does a car battery cost?

Most car batteries can be purchased for a flat rate, usually with \$40-\$120 in costs for the battery. If you want to pay to have a mechanic install the battery, that will usually cost you another \$30-\$99. That's because most mechanics have a basic minimum rate that they work for.

Can a car battery be replaced?

The first few times it happens, you can try using jumper cables to start the vehicle anyway. But, if your vehicle's battery is no longer storing enough power, you'll eventually have to replace it. Luckily, car batteries are easy to replace, and you can normally get back up and running with no help from a mechanic.

How long do car batteries usually last?

Typically, car batteries can last anywhere from two to five years. When it's time to shop for a replacement, it helps to have an idea of what car batteries cost. The typical lifespan of a car battery is between two to five years. You can expect your average battery to cost somewhere between \$100 to \$200.
