

Dominican technology container photovoltaic power generation

Overview

The Montecristi PV farm is the largest in the Caribbean. The power is fed directly into the high-voltage grid. SMA supplied a turnkey container solution with the MVPS.

Dominican technology container photovoltaic power generation

Sustainable Energy Expansion Through Decentralized Solar PV ...

GGGI will support the development of an alternative model to solar PV expansion, consisting in smaller solar PV system (10-25MW) that will be connected to the 69kV network, with solar ...
