

Egypt has battery cabinet factory energy

Overview

Can solar power fix Egypt's energy crisis?

Egypt's first large-scale hybrid solar and battery plant has begun construction as the country looks to its abundant sunshine to help fix its energy crisis. Obelisk, located in Nagaa Hammadi, will combine 1.1 gigawatts of solar production with 200 megawatt hours of battery storage.

Does Egypt need EEHC & Scatec?

The Egyptian Cabinet has already approved the cooperation agreement between EEHC and Scatec. This decision aligns with the government's commitment to increasing the country's renewable energy capacity. By embracing projects like the solar and battery storage initiative, Egypt aims to diversify its energy sources and reduce its carbon footprint.

Where does Egypt's electricity come from?

Around three quarters of Egypt's electricity comes from gas. But in recent years, as its domestic gas production fell, it became reliant on imports and rising gas prices plunged Egypt into a series of blackouts.

Could Egypt's summer heat be a solar solution?

Whilst Egypt's summer heat increases its electricity demand, it could also offer a solution. The south of Egypt, where Scatec's new project is breaking ground is "in the magic solar belt," said Elgendy. According to the Global Solar Atlas, Egypt has the fourth-highest solar PV (photovoltaic) potential of any country.

How many tons of goods will Egypt handle a year?

Once operational, it is expected to handle 35 million tons of goods a year. A new Egyptian capital – Egypt is building a new city, known as the "New Administrative Capital," 30 miles east of Cairo. Construction on the 270-square-mile area began in 2016, and once complete it could hold as many

as 6.5 million residents.

Is Egypt building a new capital?

A new Egyptian capital – Egypt is building a new city, known as the " New Administrative Capital," 30 miles east of Cairo. Construction on the 270-square-mile area began in 2016, and once complete it could hold as many as 6.5 million residents. It is also home to Africa's tallest building, the Iconic Tower (pictured).
