

# **Estonia 50kw single phase 220v inverter**

## Overview

---

What is a 50 kW high voltage hybrid inverter?

This 50 kW high voltage hybrid inverter is high quality and versatile, offering seamless solar integration and impressive management software.

What is a GoodWe ET series inverter?

GoodWe's ET Series inverters, available in 40kW and 50kW capacities, are designed for commercial and industrial PV installations. These adaptable inverters seamlessly integrate into both on-grid and off-grid applications, facilitating parallel connections in either scenario.

What's new with the ET series solar inverter?

The ET Series has been improved for compatibility with high-power modules, with a maximum of 21A input current per string. The 150% DC input oversizing and 98.1% maximum efficiency, drive your inverter to its full capacity to increase your power output in lower solar radiation conditions.

Who makes Solinteg solar inverters?

Solinteg is a leading global energy technology giant based in China and Germany. They provide high quality inverters, batteries and other solar equipment, all G99 and G100 type-tested for the UK market. Follow this link to find out more about Solinteg. 98.8% Max. Efficiency Max. DC Voltage (V) 1000V Max. AC Power (VA) 55000V
