

Estonian Tile Rack Solar

Overview

What is Solarstone doing in Estonia?

Solarstone is reinforcing Estonia's commitment to sustainable energy solutions by opening Europe's largest solar roof factory to produce 14 times as many building-integrated solar roofs as Tesla in the U.S. The factory can assemble 13,000 integrated solar panels per month.

How much does a roof cost in Estonia?

Eastland said roofing material he was able to source in Estonia came in at around 60 percent less than originally budgeted four (though still coming in at £118,000, or nearly €138,000).

Why did Solarstone start in Viljandi?

„All three Solarstone founders were either living in Viljandi or had a very close relation to this town, hence the decision was born to also kickstart the business in here and build lasting roofing systems that look pleasant to the naked eye,” Silver Aednik, company’s managing director and co-founder says.
