

European Solar System Cell Factory

Overview

On this map, you'll find manufacturers spanning from polysilicon to module as well as the aggregate production capacities for each segment. Furthermore, the map includes equipment manufacturers and European research centers which are the backbone of European solar innovation.

European Solar System Cell Factory

About Escelco - Escelco

Located in the region of El Bierzo in León (Spain), our factory has one of the largest clean rooms in Europe, where the entire manufacturing process of our photovoltaic modules takes place.
