

Exported PV module weight

Overview

How many PV modules did China Export in 2023?

Separately, market research firm InfoLink has also released an analysis report based on customs data, which pointed out that from January to December 2024, China exported a total of 235.93GW of PV modules, an increase of 13% compared to 207.99GW in the same period in 2023. Comparison of Chinese PV module exports in 2023 and 2024. Source InfoLink.

Where do solar PV exports come from?

The latest solar PV export data from the world's largest exporter, China, by country or region of destination. Data updated on a monthly basis. An interactive chart showing monthly solar PV exports from China, the world's largest exporter, by selected country or region of destination. China's exports account for 80% of global solar PV exports.

What is the export value of PV products?

"The export value of PV products has exceeded RMB200 billion for four consecutive years, setting a new record high," said Daliang Lv, spokesperson for the General Administration of Customs and director of the Department of Statistics and Analysis.

Which countries import PV modules from China?

In December, China exported approximately 16.63GW of PV modules, a 9% increase compared with the 15.2GW in November. The ranking of countries importing PV modules from China was Brazil, the Netherlands, India, Saudi Arabia and Spain. The total monthly imports of these major countries accounted for about 42% of the global market.

How many GW of modules did China Export in December 2024?

China exported 16.63 GW of modules in December 2024, up 9% MoM from 15.2 GW and up 3% YoY from 16.18 GW, according to InfoLink's customs data.

China exported 235.93 GW of modules from January to December 2024, up 13% YoY from 207.99 GW.

Does India export photovoltaic modules?

The export of Indian photovoltaic (PV) modules has risen exponentially by more than 23 times between Fiscal Year (FY) 2022 and FY2024, primarily to the US, which accounted for more than 97% of India's exports in both FY2023 and FY2024.
