

French new energy BMS battery

Overview

Where are BMS batteries made?

The company HQ and factory are in Bordeaux, up for small and large series production. marine batteries. BMS PowerSafe is the French industrial company of Startec Energy Group. The company has unique expertise in the BMS (Battery Management System) market.

Are Neogy batteries made in France?

entirely manufactured in France to meet your needs. electric mobility, robotics, Defense, marine. Neogy® is the first French battery manufacturer to obtain ECE R100 approval for batteries used in M1 and N1 category EVs (including fire and crush tests).

What is a battery management system (BMS)?

Our products are delivered all over Europe and all over the world. The BMS (Battery Management System) is the cornerstone of any energy storage system. It provides safety, thermal control, voltage balancing, load management, discharge and information processing of cells in the batteries.

What is BMS powersafe?

The company has unique expertise in the BMS (Battery Management System) market. BMS PowerSafe designs and produces the most secure intelligent on-board solutions in the sector. Its electronic management boards are compatible with all battery technologies, optimising their operation, safety and lifespan.

How will the French energy grid balancing project work?

The project will provide critical balancing services to the French electricity grid network and enable the replacement of fossil fuels with renewable energy.

French new energy BMS battery

Neogy® , French manufacturer of energy storage ...

With more than 20 years of experience, Neogy® develops energy storage systems using all technologies (Li-ion, Ni-MH, Na-ion) adapted to your needs.
