

Future Asia Pacific Energy Storage System

48V 100Ah

Overview

From Southeast Asia to India and Australia, landmark policies, first-of-their-kind projects and bold investment decisions show that energy storage is no longer a niche technology but a central pillar of the region's clean power ambitions. In the Philippines, momentum is building.

Future Asia Pacific Energy Storage System

Trina Storage accelerates energy storage growth across Asia-Pacific

Trina Storage, the energy storage division of global solar leader Trinasolar, has reached a significant milestone with more than 2.4 GWh of utility-scale storage capacity under ...
