

Georgia special-shaped lithium battery pack

Overview

What are rechargeable lithium batteries?

Rechargeable lithium batteries are popular for a wide array of applications. These battery packs provide excellent energy density, hold their charge for long periods when not in use, and do not experience “memory effect” in charging.

What is a custom lithium polymer battery pack?

Lithium Polymer Battery Applications Custom LiPO Battery Packs (Lithium Polymer) are an excellent choice for battery pack designs requiring low profile, high energy density, dimensional flexibility, and very low current applications.

What is a custom battery pack?

Understanding custom battery packs is simple – they’re tailor-made to suit your specific needs. Unlike regular batteries, they’re designed to meet your unique power requirements. We customize battery packs based on voltage, capacity, size, shape, and even the type of cell. But why does this matter, you might ask?

.

What is a custom LiPo battery pack?

Custom LiPO Battery Packs (Lithium Polymer batteries) are an excellent choice for battery pack designs requiring low profile, high energy density (3.7V per cell,) dimensional flexibility, and very low current applications. The foil package allows for custom sizes and various shapes to meet tight dimension requirements.

What is a lithium polymer rechargeable battery pack?

Lithium polymer rechargeable battery packs are available in different, custom-tailored configurations that can deliver longer run times or higher discharge

rates. Cells as thin as a credit card are possible. Common applications include: Small one- or two-cell consumer electronics Industrial and many others.

Why are rechargeable lithium-ion batteries so popular?

Rechargeable lithium-ion (Li-ion) rechargeable battery packs continue to grow in popularity thanks to their greater energy density—up to twice that of nickel- and lead-based chemistries—and low self-discharge rates, as well as ever-improving technologies that continue to make them safer and less expensive than earlier lithium battery types.

Georgia special-shaped lithium battery pack

Curved battery/special shape lipo battery , Products

We can customize the size and curving angle, as well as capacity for different customer requirements, OEM/ODM battery design and production is what we are doing.
