

German new energy storage equipment manufacturer

Overview

Who is Deutsche Solar AG?

Deutsche Solar AG is a leading provider of photovoltaic systems in Germany, focusing on solar panels and energy storage solutions. The company offers a full range of services from system assembly to installation and commissioning, with individual components available on demand.

Is Germany a 'hot' market for energy storage?

Germany has been identified as one of Europe's 'hottest' markets for energy storage, with a pipeline of around 230GWh of utility-scale BESS currently in the grid connection queue.

Is there a potential for C&I battery systems in Germany?

Image: Tesvolt Energy. There is “huge potential” for commercial and industrial (C&I) battery systems in Germany's wholesale trading markets, according to Tesvolt. Lithium-ion (Li-ion) battery storage system manufacturer Tesvolt has launched a new subsidiary that will sell energy stored in its customers' systems in the power market.
