

Guyana Smart Solar Power System

Overview

In a decisive move towards sustainable development, the Government of Guyana has launched a state-of-the-art solar farm on Wakenaam Island, Region Three—an initiative poised to redefine its energy landscape and catalyze economic growth. The facility is expected to surpass the island's energy needs.

Guyana Smart Solar Power System

[Guyana installs 4.8 MW of home solar systems](#)

It is working to supply and deliver 30,000 solar PV home energy units in total, with each system designed to power two 9 W LED lamps and a ...
