

Guyana government installs solar power generation for home use

RS485
Communication between battery and inverters
Baud rate:9600bps

RS485 Interface
Communication between parallel packs or BMS and PC
Baud rate:9600bps

Overview

More than 37,000 households in Amerindian, riverine, and remote communities are now enjoying access to electricity for the first time. This is due to the Solar Photovoltaic Home Energy Systems (SHE) project, which was relaunched by the People's Progressive Party/Civic (PPP/C) in July 2023.
