

Household large-capacity photovoltaic panels

Overview

Statistics show that most people consume more electricity during the summer and winter, when the A/C or heat is running. If possible, collect your last 12 months of electric bills, then tally up your kWh usage and di.

Household large-capacity photovoltaic panels

Size your solar system

The system size depends on the number of solar panels and the rated capacity of the panels. System size is measured in kilowatts (kW). One kilowatt (1 kW) = 1000 Watts. For example, a ...
