

How to install lithium batteries in the battery cabinet

Overview

How to install a battery charging and storage cabinet?

Take the cabinet to the installation location. Carefully unwrap the battery charging and storage cabinet. Remove it from the wooden pallet. The cabinet will already be equipped with footing that allows it to be put in place on the flat, even surface with little to no fuss.

How do I post a lithium battery?

When posting lithium batteries by ground or by air, you must take account of the UN3481 regulations as detailed above. Make sure your lithium battery is contained in its associated device. Seal the on/off switches and any electrical terminals with tape. Place your device in a plastic bag before packaging it.

How do I install a storemasta Battery Cabinet?

Plug the cabinet in to the appropriate power socket. The shelving and the charging points of a Storemasta battery cabinet are adjustable to suit your needs and equipment. To ensure that the sequential door closing system works correctly, the battery cabinet must be installed on a level base.

How do you remove a battery cabinet from a pallet?

Using a trolley or stair lifter, retrieve the battery cabinet from the delivery area (leaving the packaging on.) Take the cabinet to the installation location. Carefully unwrap the battery charging and storage cabinet. Remove it from the wooden pallet.

How do you maintain a battery cabinet?

Regularly check the doors to ensure that the self-closing, self-latching door mechanism is working correctly. Clean the fan blades at least once a month or when required. Schedule routine maintenance by a certified electrician on your battery cabinet to ensure it remains in safe working condition.

Are lithium-ion battery cabinets dangerous?

*When lithium-ion battery cabinets are installed in an underground premises, there is the increased risk of fire, as well as a greater chance of dust and particle build-up affecting the fan's ability to work properly. Consider fire suppression systems in your workplace. Invest in suitable fire extinguishers.
