

Huawei Australia New Energy Storage

Overview

Huawei are hoping to capitalise on the rapidly growing market for batteries with the combination of increasing state-based government subsidies, lowering solar export prices and the emergence of virtual power plant programs which create an additional revenue source for system owners.

Huawei Technologies Co., Ltd. is a Chinese technology company with headquarters in Shenzhen, Guangdong. The company, initially founded in 1987, is most.

The Luna2000 battery is made up of stackable 5kWh modules that weigh 50kg each. You can connect 3 modules together to create a 15kWh battery and connect.

See the below table which provides an indicative guide based on data from Solar Choice's Battery Price Index on the cost of installing a Huawei Luna2000 with.

Like most battery solutions in Australia Huawei offer a 10 year warranty for their battery. For each 5kWh module there is a life cycle power discharge of 16.45MWh.

Chinese giant Huawei has entered Australia's residential solar battery market with its home energy storage system, the Luna2000. The lithium-iron phosphate 5kWh cells have a modular design and are scalable to 30kWh.
