

Inverter 12V 260A

Overview

What is the capacity of a 12V inverter battery?

With a robust capacity of 260Ah and advanced tubular technology, this 12V battery offers enhanced efficiency and durability. IT950 Inverter Battery benefits High Capacity: Provides a strong capacity of 950 Ah, ensuring reliable backup power for various applications.

What is a 12V power inverter?

Power inverters with more than 90% conversion efficiency and stable performance. The 12V power inverter has the functions of current protection, short circuit protection, over-voltage protection, reverse charging protection, power protection, and core protection.

Does a power inverter have a battery charger?

Power Inverters with built in direct current battery chargers provide a uninterruptible power supply. If you require a home power supply backup this would be the solution.

Why should you buy a 260ah battery?

Designed to Meet the Demands of Modern Homes & Businesses, this Battery Exemplifies Durability & Efficiency. with A Robust 260Ah Capacity, It Ensures Prolonged Power Backup, Keeping Your Essential Appliances Running Seamlessly During Outages.
