

Inverter 280 to 12

Inverter 280 to 12

Transformer that enables 120V/280V AC to step down to 12/24V

This converter can operate with voltages within the 100-277VAC range and converts it to 12VDC, allowing users to use standard AC power to operate equipment like our LED and HID remote ...

12V 280ah or 12V 560 with heavy loads and choosing the BMS

I'd sell my inverter and buy a new one of the correct voltage, and then get a simple 48 to 13.8 converter to run my 12v loads. That would be fine if the price is what you want.
