

Inverter DC step-down module

Inverter DC step-down module

XL7015 DC-DC Converter Step Down Module 5V-80V Wide Voltage

XL7015 DC-DC step-down module is a highly efficient, high-voltage step-down DC-DC converter that can deliver up to 0.8A output current capability, low ripple, excellent line regulation and ...

Buck converter

A buck converter or step-down converter is a DC-to-DC converter which decreases voltage, while increasing current, from its input (supply) to its output (load).
