

Inverter number label and price

PUSUNG-R (Fit for 19 inch cabinet)

Overview

How do I find the type label on my inverter?

The type label can be found underneath the compartment. Launch the Sunny Explorer. The plant tree on the left-hand side displays all inverters in your plant with their corresponding serial numbers. Select the inverter in the plant tree. Select " Settings " on the icon bar. Select the " Type label " parameter group.

How to identify inverter serial number?

Inverter serial number can also be identified from the inverter LCD, on the right bottom of the LCD screen inverter serial number can be seen. Following is the image attached for the reference. Figure 2: Serial Number on the inverter LCD On the mobile application:.

What do the numbers on an inverter mean?

The numbers on an inverter indicate the maximum amount of power that the device can handle. The first number is the continuous power rating, which is the amount of power that the inverter can produce for an extended period of time without damaging the unit.

How do I register an inverter with a different serial number?

If you have an inverter with one serial number for the lower Communication Unit and a different number for the upper Power Unit, register your product using the serial number shown on the type tag of the CU (lower enclosure). Log in to Sunny Portal. Select " Configuration > Device overview".

How do I register a solar inverter?

In the main menu select " PV plant > Registration ". Select the name of the inverter you wish to obtain device information for. After selection, confirm all menu items with " Enter ". Launch the user interface of the Sunny WebBox. The plant tree on the left displays all inverters in your plant and their

corresponding serial numbers.

How do I register a sunny inverter?

Log in to Sunny Portal. Select " Configuration > Device overview". All devices and their respective serial numbers and product groups (e.g. Sunny Mini Central 6000TL) are displayed in the device overview. In the main menu select " PV plant > Registration ". Select the name of the inverter you wish to obtain device information for.
