

Iraqi Base Station Communications Company

Overview

The number of private radio and TV stations has increased rapidly since 2003. Iraqis get much of their news from TV. Radio listening has declined in tandem with the rise of TV. For private media, advertising revenues seldom produce a reliable income. • : • :

Which foreign radio stations operate in Iraq?

Other foreign radio stations operating within Iraq include the UAE's Middle East Broadcasting Centre (MBC), Paris-based Monte Carlo Doualiya, Moyen-Orient, and Radio France International (RFI). 833,000 lines in use (2005).

Why is Iraq acquiring modern tactical radio systems?

According to the commanding general, M-6, Directorate of Communications, Command and Control, Iraqi Ministry of Defense, this equipment is not sufficient to meet the army's needs so the service is in the process of acquiring modern tactical radio systems.

How many radio stations are there in Iraq?

Up to 97% of homes have a satellite dish and there are more than 30 Iraq-facing satellite networks. Iraqi radio stations showcase the diversity of popular opinion, from hard-line Islamic fundamentalism to Radio Sawa, politically oriented stations, and stations featuring content appealing to Kurdish listeners.

Does Iraq have a communications training school?

The Iraqi army has established a communications training school to provide its formations with dedicated signals specialists. The school currently is operating on an accelerated schedule to train the thousands of soldiers necessary to operate and maintain its communications infrastructure.

What TV stations are available in Iraq?

The Iraqi Media Network currently operates the Radio of the Republic of Iraq and the government supported al-Iraqiya TV station. Many private TV stations

are also available, such as the popular Al Sharqiya. Up to 97% of homes have a satellite dish and there are more than 30 Iraq-facing satellite networks.

What telecommunications are available in Iraq?

Telecommunications in Iraq include radio, television, fixed and mobile telephones, and the Internet as well as the postal system. The number of private radio and TV stations has increased rapidly since 2003. Iraqis get much of their news from TV. Radio listening has declined in tandem with the rise of TV.
