

Kenya Energy Storage Equipment Renovation Project

Overview

Who is implementing a battery energy storage system in Kenya?

Nairobi, Friday, November 24, 2023: Kenya Electricity Generating Company PLC (KenGen), has been earmarked as the Implementing Agency for the Battery Energy Storage System (BESS) as part of the Kenya Green and Resilient Expansion of Energy (GREEN) program, funded by the World Bank.

Will Kengen implement a 100MW Bess project in 2024?

KenGen has announced that it will implement an initial 100MW BESS project as part of the World Bank funded GREEN program in early 2024. The BESS project has been identified as a possible solution to increased proportion of intermittent energy to the Kenyan power system and energy curtailment during off peak hours.

What makes Kengen plc a sustainable company?

friendly and sustainable manner while creating value for its stakeholders. Today, KenGen PLC has an installed generation capacity of 1,904MW, of which over 86% is drawn from green sources namely: Hydro (826MW), Geothermal (799MW), Wind (25.5MW). The balance is from Thermal.
