Overview

Who is implementing a battery energy storage system in Kenya?

Nairobi, Friday, November 24, 2023: Kenya Electricity Generating Company PLC (KenGen), has been earmarked as the Implementing Agency for the Battery Energy Storage System (BESS) as part of the Kenya Green and Resilient Expansion of Energy (GREEN) program, funded by the World Bank.

Does Kenya need battery energy storage?

A battery energy storage. The question of power storage has become critical as Kenya embraces e-mobility which requires reliable power supplies. The Energy and Petroleum ministry targets to mainstream power storage in its electricity master plan as the country's renewable energy generation expands.

Why is Kenya partnering with the World Bank for a Bess project?

"KenGen, in collaboration with the Government of Kenya and the World Bank, is committed to the successful execution of the BESS project. This endeavor represents a pivotal step towards achieving a more resilient and sustainable energy future for Kenya," said Eng. Njenga. . . . Ends. .
