

Lithuanian rooftop photovoltaic panel source manufacturer

Overview

SoliTek with 250 MW yearly solar panel capacity is the largest manufacturer of solar panels and energy storage systems in Northern Europe. 80% of their premium solar panels are exported worldwide, powering homes and businesses in Sweden, Finland, Germany, the Netherlands, and even the USA. Are solar panels made in Lithuania?

In the upgraded production line of solar panels (in 2024) we produce a wide range of glass-glass solar panels. In Lithuania, we have our own installation department, which installs about 800 residential solar power plants per year in Lithuania. And it is about 10% of the Lithuanian residential market.

How many solar power plants are installed in Lithuania?

In Lithuania, we have our own installation department, which installs about 800 residential solar power plants per year in Lithuania. And it is about 10% of the Lithuanian residential market. We have built effective solar parks in Lithuania and Ukraine.

Can SoliTek solar modules be installed on a roof?

SoliTek solar modules are so tough that they could be installed not on the roof, but instead of roof (just as roof tiles). Yet, SoliTek doesn't stop here. Their R&D team is always on for new ways to integrate solar energy to improve daily life.
