

Maldives mobile power storage vehicle manufacturer

Overview

What is the Maldives solar project?

The Maldives solar project is a 36 MW solar power project and 50 MWh of battery energy storage solutions development across various islands in the Maldives. It also includes grid modernization for the integration of variable renewable energy with the grid, which will be financed under the proposed AIIB loan.

What is arise Maldives?

Under the Accelerating Renewable Energy Integration and Sustainable Energy (ARISE) project, supported by the World Bank, Maldives is seeking contractors for installation of 40 MWh capacity Battery Energy Storage Systems (BESS), across 18 electricity grids representing 19 islands/cities.

Will the Maldives project affect indigenous peoples?

There is no evidence suggesting the presence of Indigenous Peoples in the Maldives. Therefore, the project will not have an impact on Indigenous Peoples.
