

Manufacture of portable AC and DC power supplies

Overview

Who manufactures DC DC converters & AC DC power supplies?

Wall Industries manufactures and markets a full line of DC DC converters and AC DC power supplies. Browse our standard and customized power solutions including for medical, military, railway, lighting and industrial.

Who makes custom power supplies?

Custom power supplies are our specialty! Aegis Power Systems, Inc. is a Proud USA Manufacturer of Commercial Off-The-Shelf Products (COTS). Aegis Power Systems, Inc. is a leading design and manufacture center for a variety of standard and custom power supplies. We supply advanced solutions for several markets and numerous applications.

What is a DC power supply?

DC supplies are vital for powering electronics, LEDs, microcontrollers, communication devices, industrial sensors, and laboratory equipment. Many modern power supplies can convert between AC and DC (e.g., AC-DC or DC-AC inverters), or even regulate voltage and current to meet demanding application requirements.

What is AC power supply?

Power supplies are electrical circuits and devices that are designed to convert mains power or electricity from any electric source to specific values of voltage and current for the target device. An AC power supply is a type of power supply used to supply alternating current (AC) power to a load. The power input may be in an AC or DC form.

What types of AC/DC power supplies are available?

AC/DC Power Supplies are available from 1 watt to 3,600 watts. We offer open frame, air ventilated enclosed, U-frame, encapsulated, DIN rail, enclosed with fan, wall plug-in and desktop types. Wall Industries offers standard, modified-

standard (semi-custom) and fully custom power supply and converter design capabilities.

What is Acopian power supplies?

For 4 decades, Acopian Power Supplies has specialized in long lasting power supplies (0 volts – 30000 V). We offer AC power supplies, DC power supplies, AC to DC converters, uninterruptible power supply (UPS), AC to DC power supplies & high voltage power supplies.
